## INTRODUCTION UNCONSTITUTIONAL POLICY/CUSTOM

This is an introduction to the Unconstitutional Policy/Custom that was employed within the Monroe County Correctional facility (herein after M.C.C.F.) during the 43 months that I was in that facility; from February 22nd, 2013 through September 1st 2016. The courts have defined a Policy as when a decision maker[s] possessing final authority to establish municipal policy with respect to the action issues an official proclamation, policy, or edict See: **Berg V. City of Allegheny** 219 f.3d 261, 275 (3rd Circuit 2000) A "Policy maker" is a person[s] with final unreviewable authority to make decisions or take action. See: **Andrews V. city of Phila**, 595 f.2d 1469, 1481 (3rd circuit) This policy was not official and, was thus de facto as it was occurring in fact; the courts have defined a custom as an act that has not been formally approved by an appropriate decision maker but, is so widespread as to have the force of law. See: **Bd of the Cnty Commr's V. Brown**, 520 U.S. 397, 403 117 S.Ct 1382 (1997) also **Monell V. New York City Department of Social Services**, 436 U.S. 658, 694 98 S.Ct 2016 (1976)

This custom is also followed in this prison, SCI Graterford and, both the staff from SCI Graterford and, the M.C.C.F. (anyone who enters, works, volunteers, maintenance repair etc. . . the facilities) at the Pennsylvania Department of Corrections training facility in Elizabethtown, Pennsylvania.

These tactics are a tripartite and, consist of and, are akin to those used in places like Guantanamo Bay and, Abu Ghraib (to break enemy combatant non-conformist [to interrogate them and get them to debrief]). These tactics include but, are not limited to psychic driving, emotionally laden cue statements, sleep deprivation etc. . . . Things from law enforcement e.g. the Reid Technique, Reverse Line-Up etc. . . . Things from forensic psychology e.g. false memories, and, the divulging of medical/psychological records to pin point psychological weaknesses etc. . .

The widespread use of informants who were trained by their handlers (various staff within the prison at the behest of the M.C.D.A. Monroe County District Attorney's Office) to gather information and, elicit incriminating statements (e.g. burp pull the lion's tail etc...) In addition to this mail both personal and, legal (as defined by **42 Pa.C.S. § 5918**) was opened up read, photo copied, divulged to informants and, forwarded to the MCDA. These informants were regularly debriefed and, given instructions by their handlers. They would use the pretext that they were

2 OF 2 Pg# 3

going to medical where this would take place. This was used to violate the discovery process and to circumvent people's constitutional right to counsel. And, served to make the DA's leverage stronger and, make defendants plea bargain on the DA's terms.

Also the contents of the conversations to family/friends on visits or over the phone in violation of **18 Pa.C.S. § 5704** was done. All of this information was forwarded to the MCDA. In addition to this people's legal documents/work product was stolen by these informants/agents provocateurs.

These are some of the many tactics used the following pages provide a more in-depth description of the Unconstitutional Policy/Custom as Exhibit # 1 in Exhibit # 2 Informants used in M.C.C.F. I list all of the known informants I know were used during my 43 months I was in the M.C.C.F. and, where they were housed etc. . . . I also list their handlers who were the staff who acted at the behest of the MCDA. I also list former staff who could corroborate these allegations.

In short all of this amounts to an Unconstitutional Policy/Custom and, was thus a violation of my 1st, 6th, & 14th Amendment rights of the United States Constitution and, Art 1 § 9 of the Pennsylvania constitution. And since I as well as others were pretrial detainees it rendered my counsel ineffective. (Note; this was the Standard Operating Procedure in the M.C.C.F promulgated by the MCDA) See: *Jett V. Dallas Indep. Sch. Dist.* 491 U.S. 701, 737 109 S.Ct 2702 (1989)

## **UNCONSTITUTIONAL POLICY**

**Kubark-** Counter Intelligence Interrogation [gwu.edu](http://gwu.edu)  
Bloch Gregg M., and Marks Johnathan H. **Doctors, and Interrogators Guantanamo Bay**

Personal medical records of detainees were examined by experts for any evidence of psychological weakness that could be used in interrogation(;) advice from psychologist, and psychiatrist to pinpoint an individual's vulnerability to certain stresses, humiliating provocations, the exploitation of private medical records, and psychological mistreatment.

### **Humiliation and Interrogation**

Exploiting Human weakness with psychological pressure.

The first phase is solitary confinement, (or social ostracization), and subjugation to demeaning, and humiliating treatment by prison guards (and informants/agents provocateurs), who convinced prisoner's that there was no hope of release, or contact with the out-side world (physically being awakened repeatedly {sleep deprivation}) The prisoner usually broke down, and then the interrogation process began. The Soviet's claimed a 100% success rate, stress elevating, spirit breaking tactics, sleep deprivation, isolation, psychic driving, repeated verbal messages, psychic bombardment, hissing sounds e.g. noise torture. (*Note these tactics were used by the British SAS against the IRA in Strangeways Prison etc...*)

**Wolff Harold-** Pain is the most effective as a brain washing technique when it is tied to hopelessness, and humiliation, psychic softening (e.g. how many can be made to think, feel, and behave according to the wishes of other men{and how to avoid it})

### **Enhanced Interrogation Techniques AKA Torture**

Enemy combatant non-conformist

Some of the stages to breaking/indoctrinating targets into the Rat Culture is 1) Stigmatizing (fabrication lies about the person/target for re-education, 2) Ostracizing, (telling people to stay away from the target thus isolating them/potentially leaving them vulnerable to attacks etc. . . 3) Internalizing getting the target to believe /internalize the lies via the Geobellian Principle that "***A lie repeated often enough becomes the truth***" 4) socializing (breaking down the subject so they can capitulate burn out)

SEE: Moreno Johnathan D. **Mind Wars**

**Note:** I have been able to dissect this program from empirical studies observation, experience, and experiment

### Stress Elevating Spirit Breaking Tactics

These consist of breaking or wearing down the target via pressure social, peer, or otherwise; to break a person's will to resist, and fight against the wrongs, and since learning is observational it is put on display for all to see, so as they may not emulate the offender, and resist/ stand up/assert their constitutional rights. As they do not wish this mal-treatment to happen to them.

#### **Psychological 3<sup>rd</sup> Degree.**

**Capitulation by cowed adversary** (psychological softening just enough to damage enemy morale)

### The Strategic Use of Invidious Fabrications

This is where the officials/ staff, fabricate/ make up lies of an invidious nature (something that causes animosity) e.g. the person is a rapist, pedophile, or a snitch/informant (pariahs in the prison setting, and society as a whole). These lies are told to their informants/agents provocateurs to spread around sic ostracizing, and stigmatizing the target with the goal of making him capitulate. Like an enemy combatant non-conformist in a P.O.W. prison e.g. Abu Ghraib and Guantanamo Bay.

### Conclusion

All of these tactics are in direct violation of the Constitution's of the United States, and Pennsylvania the 1<sup>st</sup>, 6<sup>th</sup>, 8<sup>th</sup>, and 14<sup>th</sup> of the United States Constitution as relates to free speech the right to file grievances send, and receive mail and complain without adverse/ retaliatory reprisals for engaging in protected acts. The right to counsel and to be free from informants attempts to elicit incriminating statements. The ban on **cruel, and unusual punishment**, and the **deliberate indifference** of staff/supervisors to abide by their duty, and obligation to stop, and not propagate violations. The right to due process notification, both procedural, and substantive, and the **Equal Protection Clause** to not treat those similarly situated differently.

With respect to the Constitution and laws of Pennsylvania Art 1 § 1, Art 1 § 9 et al . . . As well as laws, set out by the Geneva Convention and other human rights treaties. This also constitutes **Official Oppression under Title 18 Pa.C.S 5301 Abuse of office.**

A person acting or purporting to act in an official capacity or taking advantage of such actual or purported capacity commits a misdemeanor of the second degree if, knowing that his conduct is illegal, he:

- (1) subjects another to arrest, detention, search, seizure, mistreatment, or dispossession, assessment, lien or other infringement of personal or property rights; or
- (2) denies or impedes another in the exercise or enjoyment of any right, privilege, power or immunity.

I affirm that all of this is true and correct under penalty of perjury 18 Pa.C.S §4904.

Subject: Classification Appeal

Date: August 2, 2016

I am in receipt of your classification appeal dated July 26, 2016. In your appeal, you stated you did nothing wrong to warrant your segregation status. Due to recent policy reviews and changes, all inmates sentenced to life in prison or those who receive a death sentence will be placed into administrative segregation. These inmates will house alone and also receive their recreation alone.

For the reasons stated above, your classification appeal is **DENIED**.

RE: Grievance 2016-G-0055

This Memo is in response to your Grievance that was submitted. If you are not satisfied with the answers that are supplied please let myself or another supervisor know to get in contact with me. This will help resolve any future issues.

Your Housing is as per a Facility policy that was adopted earlier this year. While it may seem discriminatory in nature it is not. Any individual who receives Life or above will now be housed in the same style. As far as your wellbeing I will make sure that you are checked on during the day to make sure no emergencies arise. You are reviewed on a weekly basis at Classification.

A mailbox will be placed in J Unit for regular collection of mail. This should hopefully happen in the next week unless an emergency arises that require the Maintenance Dept. to focus elsewhere

As far as maltreatment is concerned can you supply a name or names? That way a formal investigation can be conducted. You are correct in the fact that you have a right to protection from personal abuse and harassment.

A law library was placed on J Unit. I do not know how much longer you will be here but an update is scheduled to take place in the next few weeks. That way it is fully operational for you and future residents of J Unit

You have now been hired as the J Unit worker. This should keep the unit in a neat and orderly manner.

You are not RHU Status. However you are now classified that you will need two officers as per your sentence. This status also determines that your recreation will be held in the RHU Yard as per policy. You may request a Classification Appeal form to have a downgrade in status. Any changes are at the discretion of the Classification Committee.

A Unit assignment changes were a practice that was done in the past. The Facility has a right to change any housing assignment at any given time.

I personally don't know of any informants or saboteurs that are placed in your cell or around. Was your personal shaver replaced?

If you choose not to name names that is your choice. However know that neither I nor MCCF conduct a full investigation on some of your claims. As previously stated we are doing our best to address the situations in your grievance.
